Break'd! is a sweet potato bread which combines four major characteristics: Convenience, Taste, Satiety, and Healthiness. This bread is designed as a breaking bread; you can just break the bread and take it with you (no cutlery needed). Moreover, the taste of the Break'd! bread comes in two flavours, sweet and savory, and therefore you don't need to worry about spreads anymore. The main ingredients of Break'd! are sweet potato and oats which will create a bread naturally rich in vitamin A and a source of fiber. Additionally, this bread is a 100% gluten-free product.

Take a Break'd! : Break it, Take it, Make it!
