Captain	Jochem Groothuismink
Teamleden	Kim Lemke
Mentor	Cynthia Akkermans
FNLI Coach	Domenique Heemels of Bunge Loders Croklaan

Lemna Italia Pizza base is a rolled-up, ready-to-bake pizza base with a high protein content, added vegetables and Italian herbs. It is unique in appearance and composition thanks to the base containing a novel food, namely, water lentils (Lemna Minor), as well as pea protein isolate. Due to the fact that one Lemna Italia Pizza base of 250 grams contains 36 grams of plant protein and 30% of vegetables (i.e., water lentils) the pizza connects to the consumption habits of the increasingly health-conscious consumer. The same is valid for consumers caring for the environment as sustainable plant-based proteins are used. The pizza base saves time in the kitchen for those who do not always have the time to cook or simply want to enjoy a comforting pizza without any regrets. Lemna provides a convenient pizza base that compromises on neither taste nor quality.
