"Snailed It" is the perfect savory snack, consisting of crunchy paprika flavored chips, that provide nutrients for muscle grow. Outside the gym, in the park or enjoying a drink! Any occasion is perfect to open a bag of chips and Snail your snack-break! "Snailed It" combines two sustainable proteins, snails and chickpeas, to obtain a complete profile of essential amino acids and of BCAAs. You will reach your nutritional needs with an on-the-go and easy to share snack. Our chips are high in protein and contain 80% less fat: you don't have to ditch the chips but just choose us as your new favorite brand. Our product's benefits are not limited to its nutritional qualities: "Snailed It" is good for your health and the planet: a kilo of snail meat produces 5 times less CO2 than soy. Plus, our packaging is recyclable and has a zip, to be reused.
